

CSR ACTIVITIES FOR THE YEAR 2011-12

The West Bengal Power Development Corporation holding a unique place in the power scenario of West Bengal, is strongly committed to its Corporate Social Responsibilities besides its core function of power generation. The commitment of WBPDC towards Corporate Social Responsibility is at the heart of its ethical standards, policies and business practices. As a part of its policy, WBPDC has given special emphasis towards execution of various projects which benefit the society in and around its site which has vastly contributed towards uplifting of the socio-economic condition of the society around it. The community investment programs of WBPDC focused on education, infrastructural development and human services as well as environmental and resource conservation efforts.

In order to streamline its activities more effectively, the WBPDC has introduced a guideline in the form of Corporate Social Responsibility Policy of The West Bengal Power Development Corporation Limited (WBPDC) issued under vide memo no WBPDC/P&A(HRD)/1/4697 dtd. 18.11.2011.

However, few such the areas in which the Corporate Social Responsibilities have been undertaken by the Plants/ Projects of WBPDC during the year 2011 – 2012 are enumerated below:-

01. Infrastructural development of the local schools for enhancement of Education facilities:- WBPDC authority has contributed in the direction of improvement of educational atmosphere / facilities of the near by educational institutions where the local villagers are largely studies.
