Corrigendum

Tender Reference No: WBPDC/BTPS/NIT/E1508/18-19

Tender ID : 2018_WBPDC_203730_1

Name of Work : Corrigendum for Procurement of 2 Nos. of stacker boom along with drive system and supervision of commissioning at CHP, BTPS of WBPDC.

Clause Reference : Section IV (Notice Inviting Tender) Under Sl. No 1 (Scope of supply and technical specification for e-tendering).

To be incorporated further as scope of work:

- i) Detail engineering survey cum checking of the existing age-old stacker (Westing house make) & its accessories must be done by the party prior to commencement of the material supply & commissioning.
- ii) In order to accommodate the stacker itself, the pylon pin along with the central spindle bearing needs to be changed /replaced or its equivalent bearing if deemed fit & necessary engineering is required to be made by the vendor.
- iii) All the structural beam related to the stacker must be checked in details for healthiness & same needs to be changed /replaced if not found healthy.
- iv) Complete drive system including boom gear box, hoisting gear box, slewing gear box along with motor & coupling /brake needs to be developed & replaced with 100% spares available.
- v) Structural circular rail at the bottom of stacker may be modified if required along with the circular rail & its associated wheels & bearing assembly.
- vi) Stacker discharge chute cross sectional area must be modified & adjusted so that it ensures easy enhanced stacking & easiness of slewing during yard(coal) changeover.
- vii) All the associated pulley like head end pulley, snub pulley, tail end pulley, carrier idler, return idler & boom conveyor belt must be perfectly matching with the newly designed boom.

All other criteria will remain same.
