(iv) If the winning customer(s) /Bidder(s) make payment forcefully deviating the scheduled payment terms (including extension, if any) of Sale intimation letter, without taking prior approval of WBPDCL authority, their initial security deposit (EMD) or SD will be kept hold, and it will be refunded to the party after the completion of the lifting activities, with the approval of WBPDCL authority.

(v) Any deviation in the payment schedule (including extension, if any) mentioned in the Sales contract /Sale Intimation letter will not be entertained at any time ,without any approval of the WBPDCL authority. Otherwise, EMD or security deposit (SD) may be forfeited with the approval of the WBPDCL authorities.

Lifting Terms:

The H1 Customer(s)(i.e. winning Customer / Successful bidder) will be allowed to start dismantling / cutting and lifting the Material **only** after completion of following sequence of activities: After making the full payment (including taxes & duties) of sale value, after receiving sales contract which will be issued from corporate authority, and after deposition of security deposit(SD). Then LOT wise sales order / lifting order will be issued from plant authority to the respective H1 customer(s) to start the lifting process. The lifting of the all sold materials (As per Lot) should be completed **within the Lifting Period against the respective lots as mentioned in the Sales contract, or DO (Delivery order)/Lifting order/sales order issued to H1 Bidder/s from the WBPDCL authority.** The lifting will be done under the **supervision and** direction of concerned **official of West Bengal Power Development Corporation Limited in charge of such warehouse/location where the materials are stored.** The materials will be delivered **ex-warehouse.** It will be whole responsibility of the winning customer to arrange for lifting, payment of freight and transit insurance. The **winning Customer shall be liable to bear the transit insurance, freight, and West Bengal Power Development Corporation Limited shall not be liable for the same in any manner.**

After getting the DO/ lifting order / sales order, respective H-1 Bidder/s will process for collection of gate pass and all other related activities towards dismantling / lifting of respective materials to be sold, as per norms of STPS (Santalidih Thermal Power Station), WBPDCL, and maintaining all other HR related rules & regulations of WBPDCL, and it has to be completed within 06 working Days (Except Sunday and Holiday) from the date of issuance of DO/Lifting order/ sales order from the plant.

Lifting Period – Mentioned in Material list (from the Date of issuance of Delivery Order) Excluding Max 6 days allotted for Collection of Gate Pass (Except Sunday And Holidays).

Extension of Lifting:

If the purchaser(H1 Customer) becomes unable to lift the material within free delivery period(as mentioned in this catalog later), he may request for an extension citing proper reasons. Such extensions shall generally be granted after levying a ground rent at the rate of ½% of the sale value per day for a maximum period of 20 days i.e. a maximum up to 10% of the total sale value; beyond that, order will be cancelled and SD shall be forfeited. However if delay in lifting of material is not attributable to the buyer, then extension may be granted without imposition of penalty.

If the H-1 Bidder(s)fail/s to lift all / entire sold material(s) within the lifting period (including extension, if any), as mentioned in the sales order, the WBPDCL has all rights to re- auction the rest of the non-lifted items. In that case, SD and initial deposited amount (material value)of the successful bidder(s) will be forfeited.

N.B. In any circumstances, deposited sold value along with SD & EMD amount will not be refunded to H1 bidder against their unwillingness to lift the entire sold scrap item or a part thereof due to any reason whatsoever.

VARIATION IN AVAILABLE QUANTITY:

At the time of delivery, the actual quantity may vary from the quantity (weight/count/volume) mentioned in the delivery order. In case of excess available Material, the corporation (seller) reserves the right to retain material in excess of Quantity in the lot at its discretion. The purchaser may be allowed to lift the Additional quantity maximum upto 10% of the delivery order after making the Requisite additional payment to the corporation (seller), subject to approval of WBPDCL authority.

If the quantity in a lot on actual weightment or count (as the case may be) is less than the declared quantity, the corporation (seller) will not made good the deficiency under any circumstances.

The purchaser thereof will be entitled to obtain a refund for the undelivered quantity at the quoted rate. No interest will be paid on the amount of short delivered quantity. The reasons for shortfall should be recorded by the official of the O&M Store and the competent authority should also record his opinion. Any refund in this regard will be made with the approval of the competent authority with due concurrence of the Finance department.

Copies of the weighment/count slip will be the basis for determining the refund amount. It may also be necessary to look into the records for the total quantity held by the O&M store department and particularly so in the case of non-ferrous scrap; the item concerned may have to be processed for stock verification.

In any case, the corporation shall not be held liable for refund of taxes, if already deposited with the appropriate authority.

Completion of Lifting:

H1 bidder(s) shall submit a Lifting completion certificate mentioning the total lifted quantity after completion of lifting of the respective LOT wise sold material as per DO/ lifting order / sales order, to the controlling officer of store of the respective plant ,who will verify , certify and inform to the WBPDCCL Corporate office on the comments for return of deposited security deposit.

Refund of EMD (Initial security deposit) and SD (Security Deposit) to H1 Bidder/s:

DEFINITION OF KEY TERMS

Auction

Auction refers to a forum where the requirement for one/more lots of an item is stated and the participants (customers) are required to bid down the price to be selected to supply the requirement.

Online Auctions

Online auctions refer to those auctions conducted through the Internet with the customers (from one or more locations) simultaneously bidding to be selected for supplying the item/s on Auction. In other words, the venue for the auction is on an Internet website/ platform.

Services refer to the Online Auctions conducted by the Service Provider through its website as the venue for the purpose of the Online Auction and also includes the responsibilities narrated under the head "ROLE OF SERVICE PROVIDER" above.

Award at the Auction

In a single winner format, only one customer (normally the customer who quotes the highest price) is awarded all the units of the item being auctioned. The customer quoting the highest price is normally allotted the item.

Client

Client is the individual/business entity who has contracted "Service Provider" to conduct such auction. In case of auction, the purpose would be the genuine intent to sell the selected item/ s (Lot) to the customers desiring to buy these items from the Client.

Customer

Customer is the individual/business entity participating in the auction, intending to buy the item(s) from the Client. To become a Customer in the auction, a business entity has to secure client approval for participation and also provide written assent to the General Rules and Regulations.

Auction Engine

Auction Engine refers to the software that encapsulates the entire auction environment, processing logic and information flows. "Service Provider" is the sole owner of the auction engine and retains exclusive right over the utilization of the same.

Timings of the Online Bid

All the timings of the Online Bid shall be based on the time indicated by the Server hosting the Auction Engine. It shall be the endeavor of "Service Provider" to ensure that the Server Time reflects as closely as possible the Indian Standard Time (IST) i.e. GMT + 0530 hrs. However, in the event of any deviations between the Server Time and the Indian Standard Time, the functioning of the Auction Engine (Launch, operation, and closure) would be guided by the Server Time. Customers are advised to refresh both the windows of the Auction Module check the exact Server Time (displayed in both the windows).

Preview Time

Preview Time refers to the period of time that is provided prior to the commencement of bidding. This is to facilitate approved participants to view the auction details such as item specifications, bidding details and bidding rules. The purpose is also to familiarize participants with the functionality and screens of the auction mechanism. It is not mandatory for "Service Provider" to provide Preview Time.

Start Time.

Start time refers to the time of commencement of the conduct of the online auction. It signals the commencement of the Price Discovery process through competitive bidding.

Duration of the Auction.

It refers to the length of time the price discovery process is allowed to continue by accepting bids from competing customers. **The Default duration of the auction would be 60 Minutes.** However, the bidding rules may state the conditions when the pre-specified duration may be curtailed/extended. The conditions include:

Curtailement of auction duration in the event of no bids for a specified period of time (Inactivity Time)

Automatic extension in the event of bids being entered towards the end of the scheduled duration to facilitate the other customers to view and react to the bid. **30 Minutes extension will be given in case No Bid is received within Default Time.**

Auto Extension of the Auction Timings.

In the event of bids in the last few minutes of the scheduled bid time, the Bid Timings are automatically extended for a specified period from each such bid. Such Auto Extension shall continue until no bids are placed for the specified period (Engine remains inactive for the specified period). The Inactivity Time for Auto Extension purpose is normally X minutes. "Service Provider" however retains the right to change the same. The Inactivity Time applicable for the particular Online Bid shall be visible to the customers under the Bidding Rules module on the engine.

End of the Auction.

End of the Auction refers to the termination of the auction proceedings signalling an end to the price discovery process.

Auction Report.

"Service Provider" would provide an Auction Report to the Client containing a summary of the auction proceedings and outcome. The Auction Report would constitute the official communication from "Service Provider" to the client about the outcome of the Auction.
